PROFESSIONAL EXPERIENCE

SENIOR PROJECT CONTROLLER | CEO OFFICE | JEOL GERMANY

05/2025 – present

- Led an enterprise-wide transformation program to standardize project governance and digitalize project portfolio management:
 - Managed and prioritized business requirements together with business and IT stakeholders.
 - Coordinated implementation activities while leading a cross-functional team of 10 project members.
 - Designed and introduced a company-wide project management platform.
 - Optimized end-to-end processes through ERP and Microsoft 365 integration.
 - Automated five core business processes and digitalized 80% of workflows.

Business Impact: reduced reporting effort by 75%, introduced a KPI dashboard serving as the organization's Single Source of Truth

- Managed a portfolio of more than 50 projects with a total budget exceeding €100 million, including KPI monitoring, risk management, action tracking and executive reporting

SENIOR PROJECT MANAGER | CTO-OFFICE | MAN TRUCK & BUS SE

06/2024 – 04/2025

- Advised the CTO on planning and delivering a cross-functional transformation program:
 - Analyzed organizational structures and developed new operating models.
 - Managed executive stakeholders and steering committees.
 - Coordinated the implementation of modern workplace and space concepts.

Business Impact: successfully reorganized 6 office buildings, including relocation of 3,000 employees and implementation of modern flexible work environments

PROJECT LEAD & QUALITY MANAGER | BMW GROUP

09/2021 – 05/2024

Executive Transformation Program "move2improve"

- Led the executive transformation program "move2improve" to redesign organizational structures and modern workplace concepts:
 - Led an interdisciplinary project team consisting of 11 internal and external members
 - Transformed organizational, process and governance structures to improve collaboration and resource utilization

Business Impact: reduced operating costs by €6 million annually through office consolidation and reduced external vehicle testing

Enterprise Transformation Program "MOTION"

- Led a strategic end-to-end transformation initiative within BMW's enterprise-wide MOTION program:
 - Led a cross-functional team of 15 members from Engineering, Procurement and Quality Management.
 - Analyzed end-to-end vehicle development processes and identified optimization opportunities.
 - Gathered, prioritized and aligned business requirements with business departments and management.
 - Designed and implemented a new governance model accelerating cross-functional decision-making.

Business Impact: reduced supplier selection lead time by 14 weeks. The new approach was successfully piloted.

Governance & Quality

- Advised business departments on governance, process quality and audit readiness:
 - Conducted process analyses and identified improvement opportunities.
 - Prepared executive decision papers and management recommendations.
 - Facilitated cross-functional stakeholder workshops

Business Impact: successfully completed 3 ISO 9001 audits with zero findings

SUB PROJECT MANAGER & PMO | BMW GROUP

01/2017 – 08/2021

Transformation Programs CALMA & Virtual Vehicle Communication

- Led change management workstreams within strategic transformation programs:
 - Analyzed stakeholder communication requirements.
 - Managed international stakeholders across multiple business units.
 - Developed and implemented change and communication strategies for more than 8,000 employees.

Business Impact: increased CATIA license availability by 200%, improved process efficiency by 50%, generated €2.75 million in cost savings

SAP Transformation

- **Supported the transformation from SAP SRM to SAP S/4HANA and SAP Ariba as SAP SRM Key User**
 - Gathered, analyzed and prioritized business requirements
 - Created user documentation and training materials
 - Supported business users throughout the implementation and user adoption process

Digital Communication Platform „iMPULS“

- **Built and led the digital communication platform "iMPULS":**
 - Established and managed a 12-member editorial team.
 - Implemented a company-wide intranet platform.
 - Replaced manual email communication with a scalable digital information platform.

Business Impact: Increased readership by 80%

PROJECT ASSISTANT | VSG SOFTWARE & SERVICE GMBH

04/2013 – 12/2016

- Managed contract administration and commercial processing for approximately 50 projects per year with a total project volume of €10 million.
- Maintained and continuously improved a database containing more than 5,000 records.

Business Impact: Increased data accuracy by 95%.

- Redesigned the company's marketing strategy to strengthen customer engagement and improve cost efficiency by:
 - introducing new customer communication formats and redesigning the company's website
 - Renegotiating supplier contracts to improve commercial conditions

Business Impact: Increased customer engagement by 30% while reducing annual marketing costs by 25%.
